What Is AOG?

smART OF GIVING (AOG) is an idea-turned-reality that envisioned a unique model to generate funds for charities without asking for monetary donation. AOG is the first working Smart Contract that utilizes technology to help the Under Privileged children whilst providing mobile gaming entertainment and transparency to the contributors. For the first time ever, there is a crypto currency that generates value for the Under Privileged just by being in circulation without shelling a penny out of pocket!

How it Works

Download Goodwill Racing for FREE on your Android or IOS phone. Play the game to your heart's content. The more you play and the better you play will result in a better score. This score is automatically transferred to our Smart Contract that calculates and donates the number of AOG tokens on your behalf to the charity of your choice. In other words, every time you play Goodwill Racing , you are sending AOG tokens to the charity of your choice.

Our Vision

A world in which every child attains the right to survival, protection, development and participation.

Our Mission To Donate For Helpless Children

To inspire breakthroughs in the way the world treats children and to achieve immediate and lasting change in their lives. To establish high-quality, one-stop community learning centre's for the poor; implementing specialized learning environments which develop children academically and socially, empowering them to become productive members of society..

Our Values

- ACCOUNTABILITY
- COLLABORATION
- INTEGRITY
- AMBITION
- CREATIVITY

Why AOG?

Need

- 22000 children die of hunger every day.
- 2.2 Billion children in the world, 1 billion of which live without Shelter, Safe Water, Health and Education.
- More than 300 million children in the world are not immunized against treatable or preventable diseases

Transparent

Every game play generates a transaction that is permanently stored on the Block chain and can be verified by anyone at anytime. Contrarily, you can also view the last transaction [here](#). Finally, the total donation can be seen on the respective charity organizations own website

Vetted Institutions

Every charity organization receiving donations from AOG has been thoroughly screened to ensure the donated funds are best utilized. The screening process involves past records, awards and certifications, legal status, massive outreach of the program, dedication of the teams etc. In other words, every player can rest assured that their time spent in playing the game is generating tremendous value in the real world for those who need it the most.

Unique Concept

The concept is simple, hence it works! Let's all pledge to play Goodwill Racing the next time we have a few minutes to pass. Let's all pledge to generate as many AOG tokens for the under privileged as we can.
